1/3/97

Dear Marty,

Thanks for your note of the 30th.

We know nothing about any curtain rods other than what I reported in Whitewash, that no search was made for them. Truly gave them a letter saying that had any been found he'd have known. Which is not true.

I know nothing to add to that Black Star picture but I think the curtains were being put up by the Johnsons, who owned the place.

Why not ask Black Star if they have any memo or report from Danish?

On the copy of the footage you offered me and I suggested you give McKnight, I suggest instead Wrone. That would also serve to prepare him for your interview.

Have a good year,

Harold
